

WEBELOS

For "Into the woods" we can fulfill the following requirements:

- 1. Identify two different groups of trees and the parts of a tree.
- 2. Identify six trees common to the area where you live. Tell whether they are native to your area. Tell how both wildlife and humans use them.
- 3. Identify six plants common to the area where you live. Tell which animals use them and for what purpose.
- 4. Visit a nature center, nursery, tree farm, or park, and speak with someone knowledgeable about trees and plants that are native to your area. Explain how plants and trees are important to our ecosystem and how they improve our environment.
- 5. Develop a plan to care for and then plant at least one plant or tree, either indoors in a pot or outdoors. Tell how this plant or tree helps the environment in which it is planted and what the plant or tree will be used for.
- 7. Explain how the growth rings of a tree trunk tell its life story. Describe different types of tree bark and explain what the bark does for the tree.

This will complete most of the badge. The only remaining requirement would be an at home activity.
